PROFESSIONAL SUMMARY

Detail-oriented UI/UX Designer and 4th-year Software Engineering undergraduate with hands-on enterprise product design experience. Specialized in translating complex business requirements into high-fidelity prototypes and seamless user journeys. Bridging the gap between design and engineering with a strong command of modern frontend technologies (React.js, Tailwind). Passionate about developing scalable design systems and intuitive SaaS dashboards that reduce cognitive load and drive user engagement.

WORK EXPERIENCE

UI/UX Design Intern | DI11 Soft (Pvt) Ltd

May 2026 – November 2026 | Remote

- Architected end-to-end user flows and high-fidelity Figma prototypes for massive enterprise SaaS platforms, including Restaurant POS (RMS), Inventory (IMS), and Material Production systems.
- Designed responsive, cross-device interfaces (Desktop, Tablet, Mobile) for complex data tables, nested module navigations, and real-time dashboard analytics.
- Established scalable UI component libraries and design systems, strictly adhering to Human-Computer Interaction (HCI) principles and Accessibility (A11Y) guidelines.
- Streamlined developer handoff by structuring design assets and leveraging frontend knowledge (HTML, CSS, React) to ensure technical feasibility and smooth implementation.

PORTFOLIO PROJECTS

Enterprise Hotel Management System (HMS) (View UX Case Study)

A B2B SaaS dashboard designed to unify fragmented hospitality operations.

- **Information Architecture:** Mapped a massive, nested sitemap categorizing Front Desk (Reservations, Master

SKILLS & COMPETENCIES

- **Design Skills:** User Research, Wireframing, Rapid Prototyping, Information Architecture, User Flow Mapping, Design Systems, Usability Testing, Responsive & Cross-Platform Design.
- **Design Tools:** Figma, Excalidraw, Photoshop, Illustrator.
- **Engineering Literacy:** React.js, Next.js, Flutter, Tailwind CSS, HTML5, CSS3, REST APIs, Git/GitHub.

EDUCATION

Bachelor of Science in Software Engineering

SLTC Research University, Padukka | 2022 – Present (Final Year)

Distinction Pass in English Diploma

British Way English Academy | 2018 – 2020

G.C.E. Advanced Level (Physical Science Stream)

Veyangoda Central College | 2018 – 2020

Results: 3 'S' Passes | 'B' in General English

G.C.E. Ordinary Level

Nalanda Boys' Central College | 2016 – 2017

Results: 9 'A' Passes

Inventory), Finance (Cashbook, Invoices), and Settings into a highly intuitive global navigation sidebar.

- **Interaction Design:** Designed frictionless contextual modal overlays for heavy data-entry flows (such as generating financial reports and adding client profiles) to preserve background data context and minimize cognitive load.
- **Design System:** Established a clean, "light-mode" aesthetic anchored by a professional Corporate Blue palette. Utilized a rigid typographic hierarchy with Plus Jakarta Sans to maximize financial legibility and reduce eye strain for front-desk staff.
- **Role:** Lead UI/UX Designer

LankaLawBot | Generative AI Legal Assistant (View UX Case Study)

An Agentic Framework dashboard designed for contract drafting and legal research.

- **UX Research & Wireframing:** Translated complex, multi-agent AI workflows into a clear, linear path (Home → Research → Draft → Finalize) via meticulous wireframing.
- **Interface Design:** Designed a secure Human-in-the-Loop (HITL) interface featuring optimized authentication flows and a distraction-free verification dashboard, minimizing data privacy vulnerabilities.
- **Role:** Lead UI/UX Designer & Frontend Integrator (Next.js/React)

EcoChange | Smart E-Waste Management System (View UX Case Study)

A gamified cross-platform mobile application modernizing urban waste collection.

- **Mobile UX:** Designed an intuitive, mobile-first UI to gamify waste disposal, translating user goals into highly accessible mapping interfaces and token-reward dashboards.
- **User Journeys:** Architected seamless user journeys focusing on secure data handling, bridging the gap between initial user requirements and the final Flutter implementation.
- **Role:** Lead UI/UX Designer & Mobile App Developer (Flutter)
